

K-LOVE is an awesome radio station. They provide positive, up-beat Christian music to our area. It is a station that I can listen to with my kids without fear of what they might be exposed to. With so much violence and profanity in today's world, it is nice to know that I can turn to a radio station that is safe for my entire family. My kids enjoy listening too and it has helped to develop their Christian spirit and perspectives. K-LOVE is a valuable resource to the entire community it serves by providing an opportunity for people who are not Christians to hear the gospel and to seek out help in their times of need. K-LOVE is responsible for saving many lives in the communities it serves. Many people have called into the radio station stating that they are considering suicide. K-LOVE has pastors on staff who assist these people in their time of need. Loosing K-LOVE in our community would be a tragedy. Please keep K-LOVE on the air!!!
